

# CLASSROOM INNOVATION GRANT RECIPIENT 2017-2018

## BOOK MAKING AND LITERACY

Edgewood Elementary School

Principal: Cynthia Womack  
Grant Liaison: Kristen Muscaro

The project, in its second year of funding, continues to be implemented in all grade levels. Book Making and Literacy is an innovative method to improve literacy by introducing arts integration as a tool for increasing student success in core subject areas.

- Each student writes, illustrates and builds their very own artist book
- Compose informative/explanatory texts
- Improve written expression and knowledge and conventions of writing through self exploration
