

CLASSROOM INNOVATION GRANT RECIPIENT 2018-2019

MICROSCOPES FOR FIELD STUDY

Aberdeen Middle School

Principal: DeAnn Webb
Grant Liaison: Ryan Burbey

The microscopes will allow students to upload images of the organisms they view in the field. This will facilitate multi-dimensional learning, as well as, digital projects.

- Provide for greater digital access and interpolation, as well as, the goals of interpolating STEM
- Facilitate greater innovation and implementation of STEM content
- Create learning environments throughout the school campus
