

CLASSROOM INNOVATION GRANT RECIPIENT 2018-2019

OUTDOOR LEARNING CENTER

Bakerfield Elementary School

Principal: Tara Dedeaux
Grant Liaison: Tamara Stewart

This project is set to increase the usability of the enclosed outdoor courtyard as a learning environment. Learning in the outdoor space increases student attention and motivation. Teachers will be able to more easily add kinesthetic elements to lessons in all subject areas. Kinesthetic components enable students to more easily learn content that is challenging to them.

- Increase student engagement in the learning process
- Use of outdoor environment
- Create a collaborative learning space
