

CLASSROOM INNOVATION GRANT RECIPIENT 2018-2019

SMILE MAKERS

Bakerfield Elementary School

Principal: Tara Dedeaux
Grant Liaison: Chelsea Davies

Research shows that when a male role model is involved in a child's education, the child performs better academically, has a great sense of self-confidence and less behavior problems. The Smile Makers continue our goal to increase male involvement in our school.

- Male volunteers greet students in morning
- Male role models volunteer at school events
- Students self confidence and academics improve
