

CLASSROOM INNOVATION GRANT RECIPIENT 2018-2019

ADVANCED READERS PROGRAM

Havre de Grace Elementary School

Principal: Ron Wooden
Grant Liaison: Alison Baranowski

Advanced Readers often do not have books that help them grow as readers, that are on their level. Often the books that are in the ability level are too mature for their age group. We would like to purchase challenging books that are age appropriate for the advanced readers at Havre de Grace Elementary.

- Help advanced students make continued progress in reading
- Provide high interest books
- Increase level of understanding, relate to characters, and share thinking
