

CLASSROOM INNOVATION GRANT RECIPIENT 2018-2019

ONE BOOK, ENDLESS POSSIBILITIES

William Paca/Old Post Road
Elementary School

Principal: Tammy Bosley
Grant Liaison: Lauren Hunter

Reading aloud at home is valuable because it better prepares children to be effective readers. With the One Book, Endless Possibilities program, we aim to build a community of readers at our school. EVERYONE—students, parents, teachers, school staff, as well as community members will be participating.

- Increased parental involvement as measured by increased interaction with our school's social media accounts
- Reading Attitude Survey for Families to get parent feedback on the project.
- Increased parent engagement at after school events as measured by family attendance at our lemonade war family activity night.
