Thank You!

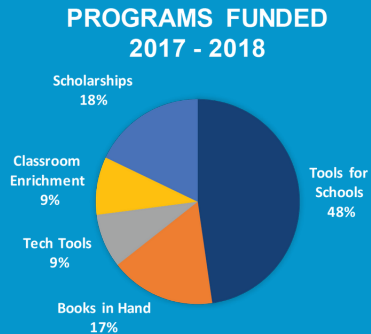

During the 2018 fiscal year, more than 119 individuals, 103 businesses, 7 foundations, and the continued support of Bravura Information Technology Systems, Oak Contracting, LLC, Harford Mutual Insurance Co, and Cemetery Dance Publications, invested in Harford County Education Foundation. Over 50 volunteers gave of their time and talent. With your help and many others, we are delivering on our mission to ensure every student has the tools to achieve academically, regardless of background, family structure, or economic status.

What We Do

Harford County Education Foundation partners with the community to bring innovative resources to Harford County Public School classrooms, which encourage students to explore learning in new ways. When students gain new skills and achieve new goals, their lives change. We believe equity in learning is paramount in ensuring all children excel in learning and life. Not only is this measured in stronger academic skills, but in increased self-confidence and self-worth.

How We Get it Done

Thanks to the generosity of our incredible donors, we raised \$118,000 in FY2018. More and more of you are helping us increase opportunities for our youth. As a result, we are able to do more. Thank you!

As a result of your support, we have served more students than ever before! To make a donation and to learn more about the exciting ways we support the education of our children, connect with us at www.harfordeducation.org.

Thank you so much for the opportunity to shop for free school supplies. The teachers scarfed up everything I brought back to school by the end of the day yesterday. This is a wonderful thing you are doing for us!
- Ms. Miller, HCPS Teacher

Dear Friend of Education,

When students don't have access to basic school supplies, it can be embarrassing and devastating to the child's sense of worth. Most kids do not know how to ask for help. Harford County Education Foundation works directly with teachers to supply students with the resources they cannot afford, often before the need arises.

Through your past donations, we've been able to inspire and transform lives. We've helped nearly 5,000 of Harford County's most at-risk children and families - good people who, through no fault of their own, have become vulnerable to challenges they are now trying to overcome.

As we struggle to meet the increasing demand for our services, please consider making a difference in the life of a child this holiday season. While all gifts are appreciated, a gift of \$75 ensures that a child in need is fully equipped with foundation resources for the remainder of the school year.
