Thank You!

During the 2019 fiscal year, more than 180 unique individuals, businesses, and foundations invested in Harford County Education Foundation. Over 50 volunteers gave of their time and talent. With your help and many others, we are delivering on our mission to ensure every student has the tools to achieve academically, regardless of background, family structure, or economic status. Thanks to the generosity of our incredible donors, we raised \$199,007 in FY2019. More and more of you are helping us increase opportunities for our youth. As a result, we are able to do more.

What We Do

Harford County Education Foundation partners with the community to bring innovative resources to Harford County Public School classrooms, which encourage students to explore learning in new ways. When students gain new skills and achieve new goals, their lives change. We believe equity in learning is paramount in ensuring all children excel in learning and life. Not only is this measured in stronger academic skills, but in increased self-confidence and self-worth.

My kids absolutely loved Harford Reads One Book this summer. I can honestly say I never would have thought to try reading "a big kid book" with my 4 and 7 year old but they loved it. I also found the book in my son's book bag even though it's well above his reading level. He's been re-reading it on the bus! Thanks for helping instill in our kiddos that reading is fun for everyone!
