# Own Today ... Prepare for your Tomorrow

No matter what you dream of doing with your life, preparing yourself for life (and most likely education) after high school is important. Mapping your future can help. Get started now:

- \* Explore careers
- \* Take the right classes in high school
- \* Review college planning tips
- \* Take rigorous courses to be successful in college
- \* Find financial aid for college.
- \* Build your resume with job experience, community service and leadership opportunities.

LEAD for Tomorrow assists you in mapping your personal and professional goals. Review these plans with your parents and school counselor. Make changes and updates to your goal plan to align with your personal growth.

LEAD for Tomorrow gives high school students a glimpse into the world of business, government and community. They identify their impact on key societal issues while developing resources to prepare for college and the workforce.

*"LEAD for Tomorrow is a great program for students in our community. The sessions are informative and fun. The information I learned will help me get closer to achieving my goals."*

**DELEGATE FROM CLASS OF 2012**

## A CLOSER LOOK

LEAD for Tomorrow, a five day high school leadership program, engages students in an in-depth exploration of Harford County. Delegates begin their day with a continental breakfast and a briefing of the day's activities.

The program hours are from 9:00 a.m. – 4:00 p.m. During the day, delegates will travel to visitation sites in Harford County. During those visits they will learn about different aspects of the community and career opportunities.

Each session is planned to provide personal enrichment, expand community networks, introduce leadership styles and skills, explore careers, and inspire a positive self-image.

## Program Impact

- Youth develop skills, behaviors and attitudes that help them to learn, grow, and thrive.
- Youth understand the relationship between their individual strengths and their future goals, and have the skills and attitudes to enact.
- Youth develop the knowledge and skills to practice leadership and participate in community life.
- Youth demonstrate the ability to make informed decisions for themselves.
